2007 was an excellent year for us. You all did an excellent job with great devotion regarding various Temple activities and services. I feel that this gives immense motivation for all of us to continue these in 2008 and coming years, with much more dedication and devotion.

I am very happy and excited about the fact that you all consider VEDA as your own home/institution and spend as much as time as you can for VEDA. I hope that this continues, with 'His' blessings to all of you.

I also hope that we will have well co-ordinated meetings/decisions with consensus among all committee members, which is very important. For this we should try to have frequent phone/e-mail conversations, if sitting together is not possible for all of us.

I believe that the kind of motivation and devotion that you are all having towards VEDA, will definitely supercede and void any differences in opinion, in making right decisions.

I would like to add one more thing that, if you feel that you aren't able to devote as much of your heartfelt time towards VEDA, due to personal and/or professional activities, please don't feel yourself forced to do this. Your dedication and services would always be well remembered and I personally seek Lord Satyanarayana Swamy's blessings for all of you. One of my principle aims and motivations towards VEDA, is to have Lord's blessings for all you through these Sacred and devotional services.

I once again appreciate all your help and dedication towards VEDA and I am very happy that this is continuing in 2008 also, effective Dec-31-2007.
